NAME: ASSIGNMENT OF STAFF TO EXTERNAL BOARDS AND COMMITTEES

PURPOSE-PHILOSOPHY

Great Plains College values representation on community boards and external committees whose mandate fits with the activities of the college and in whose operations the college has a stake.

We endeavor to have the most appropriate college representative assigned in each instance.

The assigned staff member will represent college interests on the board or committee.

POLICY

The Executive Management Committee will annually review and approve the list of external boards and committees on which staff are assigned.
