

CAREER OPPORTUNITIES

As a graduate, you may find employment in medical, surgical, maternal-child or pediatric units at acute care hospitals, rehabilitation or palliative care units, medical centres, community and home care facilities and extended care facilities.

.....

EARNING POTENTIAL

In 2016, the average annual salary for full-time licensed practical nurses in Saskatchewan was \$59,200, according to the Saskatchewan Ministry of the Economy. Employees may earn more or less depending on their employer, location, training, experience and hours worked.

Demand for health care workers will continue to rise as Saskatchewan's population ages in the coming years.

WHAT YOU WILL LEARN

Receive the training required to write the exam to become a licensed practical nurse in Saskatchewan. Through a combination of hands-on classroom learning and practicums, you will receive clinical experience in medicine, surgery, pharmacology, acute care, obstetrics, pediatrics, long-term and rehabilitative care, health promotion and illness prevention. You will be highly skilled and well prepared to write your licensure exam upon graduation.

At Swift Current Campus, the Practical Nursing program starts in September. At Biggar Program Centre, the Practical Nursing Program starts in February. This program is full-time.
