

WHAT YOU WILL LEARN

Thinking about university but want to start out in a smaller class size and save money by staying closer to home? You can take your first year (and sometimes more) of almost any University of Regina or University of Saskatchewan program at Great Plains College.

Many courses are offered face-to-face (with under 35 people per class), while others are live streamed or delivered online.

APPLICATION PROCESS

1. Apply directly to the University of your choice (University of Regina or University of Saskatchewan).

If you are applying to U Sask, pick Great Plains College as your campus of choice. If you are applying to U of R, you do not have to choose a campus – just apply.

2. Once you have received your letter of acceptance from the University, you must also apply for the University program at Great Plains College online at greatplainscollege.ca/apply – there is no application fee to do this.

3. Once you have registered with the college, a student adviser at Great Plains College will contact you directly to make an appointment and discuss your academic plan and course schedule.

By taking your first year of university through Great Plains College, you'll double your chances for scholarships as you'll also be eligible for scholarships from your university of study in addition to the Entrance Scholarships at Great Plains College.

SCHOLARSHIP ELIGIBLE

Apply as a full-time student before April 30 and you are automatically considered for a \$500–\$5,000 Entrance Scholarship.

Apply before June 30—if you are in Grade 11 and have a 70% average and you may be eligible for a \$1,000 Early Entrance Award.

FIRST-YEAR OPTIONS

Arts & Science

The first year provides you with the opportunity to take a variety of courses needed to pursue the degree of your choice. You can also keep your options open and take the time to identify program areas that interest you. Student advisers will work with you to help select classes that meet general degree requirements. That way, when you are ready to choose a major or program you will likely have the prerequisites in place.

Education

Students accepted into the University of Regina's Elementary or Middle Years programs or the University of Saskatchewan's Early Middle Years program can complete their first year at Great Plains College. Secondary Education students can also take courses toward their program as full-time or part-time students. An adviser will assist you with course selection to fit your Education program.

Pre-Nursing

Students interested in obtaining a Bachelor of Science in Nursing (BSN) from the University of Saskatchewan can take their first year, 30 credit hours, of pre-professional Arts and Science courses at Great Plains College.

Social Work

Begin the first year of a University of Regina Social Work degree and start to gain the skills necessary to counsel individuals and groups, develop and administer programs, and implement problem-solving strategies, often with minority and disadvantaged groups in urban, rural and remote areas. Complete your remaining years online or at the University of Regina.
