WHAT YOU WILL LEARN

The Adult 10 program is for students who haven't completed high school. Through this program you will have the opportunity to complete high school credits, prepare to write your GED and improve your ability to work with numbers, communicate, read and write.

In addition to academic studies, you will also participate in a number of employment and life-skills lessons. Our staff and instructors know that sometimes life's up and downs can get in the way of education. That is why we will meet you wherever you are at and work with you to create the learning plan that meets your needs.
