I had the opportunity to go to a bigger city to take my Practical Nursing but I'm so glad I enrolled in the program that GPC offers.

The classes are small, the instructors are amazing and want you to be successful. The campus is really easy to navigate with plenty of resourceful people who can help you on your way. I would recommend GPC to anyone looking to further their education, and as someone who has now done a few of the programs offered here (Upgrading & Practical Nursing) I can confirm that the people in this facility are driven to help you reach your goals."
