

### WHAT YOU WILL LEARN

In an adult-focused learning environment you will complete credits for a Grade 12 standing recognized by the Ministry of Education. Core subject areas include English, Canadian Studies, mathematics and science and 30-level electives to finish the Grade 12 program.

The Adult Basic Education program also provides educational opportunities for individuals who have completed high school and want to upgrade specific classes.

### UPGRADERS

Did you leave high school early? Do you need a few more credits or higher marks in some subjects? Did you attend school in a country with different requirements?

Upgrading might be right for you. To enter into many post-secondary programs you will need specific high school courses and grades, which we offer in our Grade 12 classrooms.

### FINANCIAL AID

This program is not eligible for Entrance Scholarships, however Adult Basic Education Persistence Awards of \$750-\$1,500 (8 total) are available to recognize students who've demonstrated perseverance in order to continue with their formal education.

Students may also qualify for assistance through the Education and Training Incentive (ETI). More information can be found at [saskatchewan.ca](http://saskatchewan.ca) or by contacting a student adviser.
